

**CURRICULUM VITAE**  
**OF**  
**DR. PARESH KISHORCHANDRA DOSHI**

Name : DR. PARESH KISHORCHANDRA DOSHI

Qualification : M.S. (General Surgery)  
M.Ch. (Neurosurgery)

Address : 902, Mid town apartments  
Campa Cola Compound,  
B.G.Kher Road  
Worli,  
Mumbai 400018

Tel. No. +91 2266573185

Mobile : 98200 63854

Email : [pareshkd@gmail.com](mailto:pareshkd@gmail.com)

Sex : Male

Date of Birth : 11-03-63

Present appointment : Consultant Neurosurgeon  
Jaslok Hospital & Research Center, Mumbai  
Saifee Hospital, Mumbai  
Visiting consultant Neurosurgeon  
Wockhardt Hospital, Mumbai  
Apollo General Hospital, Chennai

Wife : Consultant Anaesthesiologist

Website : [www.parkinsonsdiseasesurgery.net](http://www.parkinsonsdiseasesurgery.net)

**EDUCATION**

Higher Secondary Cert.Examination	Apr. 1980	First attempt	Best higher Secondary school
--------------------------------------	-----------	------------------	------------------------------

M.B.B.S.	Jan. 1985	-Do-	Smt. N.H.L. Mun. Med. College. Ahmedabad, India.
M.S. (Gen. Surg.)	Dec. 1988	-Do-	Sheth K.M. School of P.G. Medicine & Research. Ahmedabad, India
MCh. (Neurosurg.)	Apr. 1992	-Do-	T.N. Medical College. Bombay, India.

**SCHOLARSHIPS AND AWARDS**

School	New S.S.C.E	National Merit scholarships
	H.S.C.E	National Merit scholarships
Postgraduate	M.S. (Gen. Surg)	First rank in the college
	M.Ch. (Neuro)	First rank in the University of Bombay.

**DISSERTATION(Thesis)**

M.S. (Gen. Surg.)	Anorectal Malformations.
M.Ch. (Neurosurgery)	Spinal Dysraphism.

**Research Projects**

Surgery for movement disorders” (2000-2005) – Jaslok Hospital Research Trust.  
 Cost: U.S. \$ 50000.  
 “Management of Intracerebral Haematoma: Pilot study to compare Stereotactic Evacuation v/s. Medical Management” (2003-2005) – Jaslok Hospital Research Trust.  
 Cost: U.S. \$ 30000.  
 Evaluate Hardware and surgical Complications of Deep Brain Stimulation Surgery.(2006-2009)-Budget US \$ 20000  
 To study and identify the most effective targeting protocol for Subthalamic nucleus stimulation. .(2006-2009)-Budget US \$ 25000  
 Autologus Mesenchymal Stem cells implantation for Parkinson’s Disease. Jaslok Hospital Research Trust. (2008-2011) Cost: US \$ 30000

**Membership of the Societies**

Treasurer- Indian Society of Stereotactic and Functional Neurosurgery  
Executive committee member Asian Society of Stereotactic and Functional Neurosurgery.  
Member of the Neurological Society of India  
Member of the Indian Society of Stereotactic and Functional Neurosurgery.  
Member of Movement Disorder Society.  
Member of Indian Academy of Neurology

### **PREVIOUS APPOINTMENTS**

I. **Internship** : 1985 to 1986.

II. **General Surgery** : 1986 to 1989.

III **NEUROSURGERY** : 1989 to 1993.

1. Appointments at T.N. Medical, Bombay, India

Prof. Dr. U. S. Vengsarkar

Asst. Prof. Dr. V. G. Panchal

Registrar August 89 to March 90

4th Yr. Resi. March 90 to March 91

5th Yr. Resi. March 91 to March 92

6th Yr. Resi. March 92 to July 92

Lecturer August 92 to July 93

2. Clinical assistant at the National Hospital for Neurology and Neurosurgery, Queen square, London. August 93 to August 94, under Prof. David GT Thomas.

3. Registrar in Neurosurgery at the Maudsley Hospital, London, from September 94 to July 95.

4. Registrar in Neurosurgery at the Newcastle General Hospital from August 95 to January 97.

5. Training for Pallidotomy- Dr. Marwan Hariz and Prof. A Bosch, 1998.

6. Training for Deep Brain Stimulation- Prof. A. Benabid and Prof. F. Alesch, 1999.

7. Training for Spasticity- Prof. Marc Sindou, Lyon France, 2003.

### **DETAILS OF NEUROSURGICAL EXPERIENCE**

During my tenure in Neurosurgery **in India** I gained vast experience in various aspects of neurosurgery. I have assisted, performed and supervised large no. of Neurosurgical operations. These include cases of head trauma, brain tumors, spinal surgeries, vascular neurosurgeries, paediatric neurosurgeries, etc. I also had opportunity to assist and occasionally perform specialised neurosurgeries like radiofrequency lesions for pain, transsphenoidal and transoral surgeries, stereotaxy, etc. I have acquainted myself with the use of microscope and microneurosurgery.

In **England**, I worked as a clinical fellow with Prof. Thomas, where I was actively associated with Stereotaxy and Functional Neurosurgery program, including research activities. I gained experience in epilepsy surgery from the Maudsley Hospital and thereafter I moved on to New Castle upon Tyne to continue my experience in general Neurosurgery.

To continue my further interest in **movement disorder surgeries**, I visited Dr. Marwan Hariz and Prof. A. Bosch in Umea and Amsterdam respectively to train myself for performing pallidotomies. Subsequently, I spent time with Prof. Benabid and Prof. Alesch, in Grenoble and Vienna to learn the art of Deep Brain Stimulation, surgery. In 2003, I visited Lyon, France to obtain training in Spasticity from Prof. Marc Sindou.

In **India** I have set up a Functional Neurosurgery Department at the Jaslok Hospital and Research Center, Mumbai. I dedicate myself entirely to Functional Neurosurgical work. I am supported in my endeavor by well-trained neurologists and neurophysiologists, backed by state of the art neurophysiology and neuroradiology departments. We perform epilepsy surgeries, movement disorder surgeries and surgery for chronic pain and spasticity. We are in the process of setting up a psychosurgical program for psychiatric disorders. We perform a wide spectrum of movement disorder surgeries including thalamotomy, pallidotomy, subthalamic nucleus lesioning and deep brain stimulation. We have performed 225 movement disorder surgeries, including 175 cases of DBS, out of which 130 cases are bilateral STN stimulation for Parkinson's disease. The epilepsy surgery includes lesional surgeries, temporal lobectomy, hemispherectomy, corpus callosotomy and subpial transactions. More than 63 epilepsy surgeries have now been performed at our centre.

### **PARTICIPATION IN WORKSHOPS**

1. Workshop of PLIF, Plates and Screws. Conducted by Professor P.S. Ramani, at L.T.M. Medical College and Hospital, Bombay, India. October, 1992.
2. Cranial Base Workshop. Conducted by Professor Lalingham Shekhar Pittsburgh University along with Dr. Chandranath Sen at National Institute of Mental and Neurosciences, Bangalore, India. December 1992.
3. Cervical Spine Workshop. Conducted by Mr. Allan Crockard, at Birmingham in November 1994.
4. Stereotactic Workshop conducted by William Harkness and Prof. DGT Thomas, The National Hospital, Queen Square, London, United Kingdom, March 1994.
5. I visited the Yale University School of Medicine, New Haven, USA, to gain further experience in epilepsy surgery under Prof. Dennis Spencer, for two weeks.
6. Movement disorder surgery workshop - 4th National Conference of Indian Society of Stereotactic and Functional Neurosurgery, Indore, October 2000.
7. Organising secretary of the "7th National Movement disorder and Parkinson's Disease Surgery Workshop", in Mumbai, on 10-11th January 2001.
8. Management of Patients with Deep-Brain Stimulators, Expert course and workshop conducted by the Movement Disorder Society - European Section, Department of Neurology, Christian-Albrechts-University, Kiel, Germany from 3rd-7th June 2001.
9. "Radiofrequency thermocoagulation for trigeminal neuralgia"- live demonstration in Regional conference of Maxillo-facial surgeons, Jabalpur, India, 2007
10. "Radiofrequency thermocoagulation for trigeminal neuralgia"- live demonstration in Sahayadri Neurocon- Shimoga, India, 2008.

### **PRESENTATIONS TO SOCIETIES**

1. "Frameless Stereotaxy" Stereotactic Workshop, March 23 - 25, 1994, Queen's Square, London.
- 2\*. "Objective Post Surgical Resection Volume Estimates in Epilepsy" Fifth International Cleveland clinic-Bethel Epilepsy Symposium, May 22 - 25, 1994, Cleveland.
3. Interview on BBC world service on the topic of "Image directed Neurosurgery" in June 1994.
4. "Image Directed Neurosurgery". In the exhibition "New Frontiers in Science, at The Royal Society, 15-16th June, 1994.
- 5\*. "Intralesional 131I- Labelled Monoclonal Antibody (Mab) therapy in Patients with Recurrent High Grade Gliomas." British Neuro-Oncology meeting, July 1994.
6. "Acute Morbidity following catheter implantation for interstitial brachytherapy and antibody targeted radiotherapy for recurrent gliomas." British Neuro- Oncology meeting, July 1994.
7. "Frameless Stereotaxy for Neocortical lesional Epilepsy" presented at SBNS, September 1994.
8. "A frameless stereotactic approach to preoperative neurosurgical planning and interactive surgery" in European Society for Stereotactic and Functional Neurosurgery, September 24-27, 1994.
9. "ISG Wand: Nuovo sistema stereotassico computerizzato" presented in XLIII National Neurosurgical Congress, Taorlina, Italy. September 1994.
- 10\*. "Intralesional 131I- Labelled Monoclonal Antibody (Mab) therapy in Patients with Recurrent High Grade Gliomas." First Congress for the European Association for Neuro-oncology October 1994.
11. "Frameless Stereotaxy and interactive neurosurgery with the ISG viewing wand" presented at the EANS in February 1995.
12. "Acute Morbidity following catheter implantation for interstitial brachytherapy and antibody targeted radiotherapy for recurrent gliomas." presented in the EANS in February 1995.
- 13\*. "Craniotomy Guidance using a Stereo Video Based Tracking System (VISLAN)." presented at the 1995 Quadrennial meeting of the American Society For Stereotactic and Functional Neurosurgery and The American Association of Neurological Surgeons.
- 14\*. "Intralesional 131I-Labelled Monoclonal Antibody For Recurrent High Grade Glioma. Presented at the AANS meeting, 1995.
15. "Frameless Stereotaxy for Neocortical lesional Epilepsy" presented at the November 1995, meeting of NENA.
16. "Stereotactic Pallidotomy for Movement Disorder: Bombay Experience." Doshi PK, Shah AB, Bhatt MH. 6th Annual Conference of Indian Academy of Neurology.
17. "Stereotactic Thalamotomy for Movement Disorder: Bombay Experience." Doshi PK, Shah AB, Bhatt MH, Hastak S. 6th Annual Conference of Indian Academy of Neurology.
18. "Experience with Stereotactic Biopsies of Unusual Sites & Lesions." Doshi PK. 2nd Annual Meeting of the Indian Society of Stereotactic & Functional Neurosurgery, December 1998, Bangalore.
19. "Surgical Technique for Subthalamic Nucleus stimulation." Doshi PK, Bhatt MH. 49th Annual Conference - Neurological Society of India, December 2000.
20. "Subthalamic Nucleus stimulation - Mumbai Experience." Doshi PK, Bhatt MH. 49th Annual Conference - Neurological Society of India, December 2000.

21. "Unusual Observations following Subthalamic Nucleus Stimulation". Doshi PK. XVth Congress of European for Stereotactic & Functional Neurosurgery, Toulouse, France, 9th – 12th October 2002.

22. "Bilateral Subthalamic Nucleus Stimulation for Parkinson's Disease". Doshi PK. XVth Congress of European for Stereotactic & Functional Neurosurgery, Toulouse, France, 9th – 12th October 2002.

23. "Current Concepts in movement disorder surgeries " & "Unusual observations following subthalamic nucleus stimulation " - Presentation delivered at the 11th Asian-Australasian Congress of Neurological Surgery (AACNS ) , 22nd – 26th November 2003 ,Singapore

24. "Psychosurgery in India" – presentation delivered at the First Core Group Meeting Of Psychiatry Disorder Surgical Treatment Program , 8th March 2009 , Mumbai.

(\* Co- author in presentation)

### **INVITED LECTURES**

1. "Epilepsy Surgery"- CME lecture, at the 45th Annual conference of the Neurological Society of India, Calcutta, 1996.

2. "Parkinsonism-Beyond Levodopa" - 21st Annual Conference of Association of Physicians of Gujarat, Baroda, 8th - 9th January 2000.

3. "STN stimulation - the ultimate therapy for Parkinson's disease" - 4th National Conference of Indian Society of Stereotactic and Functional Neurosurgery, Indore, October 2000.

4. "Bilateral Subthalamic Nucleus Stimulation for Advanced Parkinson's Disease." Doshi PK, Bhatt MH. 4th Congress of the Asian Society for Stereotactic Functional and Computer Assisted Neurosurgery, Beijing, China, 29th October - 2nd November 2000.

5. "Head Pain – The Neurosurgical Aspects" – First National Symposium And Workshop on HEADACHE - Recent Advances, Mumbai, 25th - 26th November 2000.

6. "Pallidotomy for Parkinson's Disease" – 7th National Movement Disorder and Parkinson's Disease Surgery Workshop, Mumbai, 10th – 11th January 2001.

7. "Surgical Technique Video – STN stimulation for Parkinson's disease" - 7th National Movement Disorder and Parkinson's Disease Surgery Workshop, Mumbai, 10th – 11th January 2001.

8. "Bilateral subthalamic nucleus stimulation for Parkinson's disease" - The Emirates Neuroscience Conference organised by the Ministry of Health - Dubai Medical District & Department of Neurosciences - Al Baraha Hospital, Dubai, 10th - 14th April 2001.

9. "Functional Neurosurgery for Parkinson's Disease and Epilepsy." - Lecture delivered at the Annual conference organised by Kenya Medical Association, Kisumu, Kenya, 26th - 27th April 2001.

10. "Stereotactic Neurosurgery" - Annual conference, Indian Medical Association - Mumbai branch, April 2001.

11. "Subthalamic Nucleus Stimulation" – 5th National Conference of Indian Society of Stereotactic & Functional Neurosurgery, Ahmedabad, 27th – 28th October 2001.

12. "Surgical treatment of Parkinson's Disease – Indian experience" – 3rd International Symposium of the Asian and Pacific Parkinson's Disease Association, Hong Kong, 1st – 5th December 2001.

13. "Surgical Strategies in the Parkinson's Disease, Selection, Criteria and Technique" – CME lecture, 50th Neurological Society of India conference, Mumbai, 15th – 18th December 2001.

14. "Epilepsy: In Children, in Adults and Surgical Management" – Association of Physicians of India conference, Chennai, 13th – 17th January 2002.

15. "Surgery for Movement Disorders" – Xth Annual Conference of Indian Academy of Neurology IANCON 2002, 26th – 29th October 2002, Lucknow.
16. "Surgery for Intractable Epilepsy" – XIth Annual CME, Indian Medical Association, 7th – 8th December 2002, Kalyan.
17. Stereotactic Surgery for Parkinson's disease in India-Present Status, 7th World Parkinson's Day International Symposium, Bombay Hospital, 4th – 7th December, 2003, Taj Mahal Hotel, Mumbai.
18. "Surgery & Epilepsy", Intensive National CME program on Epilepsy, 29th February, 2004, New Delhi.
19. "Epilepsy Surgery" and "Neurosurgery of Movement Disorders & Spasticity" Epilepsy Update 2004, 6th – 7th March 2004, Kolkata.
20. "Subthalamic Nucleus Stimulation" Functional Neurosurgery and Stereotaxy 2004, 29th – 30th September 2004, Bangalore.
21. "Recent Advances in Functional Neurosurgery" Neuro Update 2004, 24th October 2004, Ahmedabad.
22. "Stereotactic Evacuation of Intracerebral Hemorrhage and clot lysis using urokinase" 12th Annual Conference of Indian Academy of Neurology, 29th – 31st October 2004, Nagpur.
23. "Two years follow-up of Bilateral Subthalamic nucleus Stimulation in Parkinson's disease" The 5th Congress of Asian Society for Stereotactic, Functional and Computer Assisted Neurosurgery, 27th – 30th November 2004, Kaohsiung, Taiwan.
24. "Surgical Treatment for Movement Disorders " – As I do It" 53rd Annual Conference of Neurological Society of India, 16th – 18th December 2004, Indore.
25. "Surgical Treatment of Movement Disorders – As I Do It" 3rd South Asian Neurosurgical Congress of The South Asian Association of Neurosurgeons, 17th – 20th March 2005, Karachi Pakistan.
26. "Stereotactic and Functional Neurosurgery" – Entebbe Medical association, Uganda, June 2005
27. "Epilepsy Surgery" – Aga khan hospital, Nairobi, Kenya, June 2005.
28. "Surgery in Movement Disorders" – Neuro 50 Kolkata 2005, 50th Year of Neuro Sciences in West Bengal – 2005, 18th – 20th November 2005, Kolkata, West Bengal.
29. "Surgical Treatment of Parkinson's disease" Symposium by Parkinson's Disease Society of Gujarat, 23rd April 2006, Ahmedabad.
30. "Movement Disorders and Epilepsy Surgery" – Rajkot Medical Association at Shri G. T. Sheth Orthopaedic Hospital Auditorium, 28th August 2006, Rajkot.
31. "Managing the Movers and Shakers of the Society" CME of IAOH, 9th September 2006, Mumbai.
32. "Neurosurgeon and Headache" – Headache Symposium, Neurological Society of India, December 2006
33. "Surgical Technique" Movement Disorders surgery symposium, King Edward Memorial Hospital-80 years meeting, December 2006
34. "DBS Mumbai Experience-101 cases" Neuro Update Chennai 2007, 4th –7th January 2007, Chennai
35. "Movement disorders surgery" – 6th Congress Of Asian Society for Stereotactic, Functional & Computer Assisted Neurosurgery, 22nd – 24th May 2007, St.Fuji Resort - Japan.
36. "Surgery for Movement Disorders" Delhi Neurological Association, annual meeting, July 2007.
37. "Surgery for Movement Disorders" CME lecture, Jaipur Medical Association, July 2007.
38. " Radio-frequency Lesioning " Stereocon 2007 - 10th Annual meeting of ISSFN, 13th

-14th October 2007, Kolkata.

39. "Awareness Among Parkinson's patient " CME Railway conducted by Bombay Hospital , 10th -11th May 2008 , Mumbai.

40. Participated in- ASSFN Vancouver 2008, 1st -4th June 2008, Vancouver.

41. "Role of ICP monitoring in Intensive care unit" Criticon 2008 - Neuro & Trauma Program conducted by Department of Critical Care Medicine , Jaslok Hospital & Research Centre , 05th-6th July 2008 , Mumbai .

42. "SCS and IDD- Surgical Techniques and Results" Spine 2008 , 8th Annual National Conference of Neurospinal Surgeons Foundation of India , 26th -28th September 2008 , Rajkot .

43. "Long-tern outcomes after DBS for Parkinson's disease " Neurological Society of India (NSI) Conference, 17th December 2008 , Pune.

44. " STN DBS for the Elderly: Efficacy and Complication " Brain 2009- The Chinese University of Hong Kong , Conjoint Meeting of Asian -Australian Society Of Stereotactic & Functional Neurosurgery (AASSFN) And The Chinese Society of Stereotactic & Functional Neurosurgery (CSSFN) , 08th -10th January 2009, Hong Kong.

45. "Surgery for movement Disorders" Sahyadri Neurocon 2009 , Karnataka State Neuroscientists Conference , 17th -18th January 2009 , Shimoga .

46. "Experiences in PD surgery in India "in Indo-Canadian Neuro-Update 2009 organised by Bangur Inst. Of Neurosciences and Psychiatry & Neuroclub -Kolkatta, 23rd - 25th January 2009, Kolkatta.

47. "Interventions in PD " - 2nd Asian and Oceanian Parkinson's Disease and Movement Disorders Congress (2nd AOPMC 2009) and 7th International Symposium of Asia Pacific Parkinson's Association (7th APPA 2009), 15th to 17th February 2009 , New Delhi.

48. "Surgical Treatments of Movement Disorders " Mumbai Institute of Neurosciences conducted Bombay Hospital CME, 15th Feb 2009 , Mumbai.

49. Head Clinic conducted by Dr.Ravi Shankar

50. Debate : Deep Brain Stimulation (DBS) in Early motor Fluctuation in PD .Yes - Neucon 2009 ,4th -5th April 2009, Ahmedabad.

51. "Global Standards of Functional Neurosurgery-south Asia" 15th World Society for Stereotactic & Functional Neurosurgery (WSSFN) Conference , 24th -27th May 2009, Toronto.

### **NAME AND ADDRESSES OF REFEREES**

#### **1. Professor David G.T. Thomas**

MA FRCP (G) FRCS Ed  
National Institute for Neurology and Neurosurgery,  
Queen Square, London WC1N 3BG.

#### **2. Prof. Alim-Louis Benabid**

INSERM U 318-CHUG  
University Hospital  
38043- Grenoble, France

#### **3. Mr. P. J. Crawford**

Consultant Neurosurgeon  
Neurosurgical Unit  
Newcastle General Hospital  
Westgate Road  
NUT - NE4 6BE

#### **4. C. E. Polkey**

Consultant Neurosurgeon  
The King's college Hospital  
Denmark Hill  
London SE5 8AZ

**5. Professor U.S. Vengsarkar**

M.S., M.S. (Neuro)  
Vengsarkar's Bungalow,  
Behind Hari Niwas,  
137, Shivaji Park,  
Bombay 400 028, India.

**6. Professor N. H. Wadia**

MD, FRCP (London), FAMS, FNA, FASc, DSc (Hons)  
Director of Neurosciences  
Jaslok Hospital & Research Center  
15, Dr. G. Deshmukh Marg,  
Mumbai – 400 026, India.
